Dear Ms Gore:
Re: Comments on the Notice of Intent to find that Oregon has Failed to Submit an Approvable Coastal Nonpoint Program (78 FR 77104)

1. Farmers & Ranchers have installed many miles of piping to provide off channel livestock watering.
2. Many miles of streambank are now planted & fenced.
3. We have programs for Pesticide Stewardship, CAFO, Ag Water Quality (AWQMP). Our SWCDs, Watershed councils and others are continuing to improve water quality in Oregon.
4. Oregon does comply with the CZARA, to disapprove our Plans would just make it more difficult to continue.

Thank You Very Much
